On 22 October 2013, HEPI filed a Petition for Review (Petition) with the Court of Appeals seeking the reversal of the SEC Decision citing, among others, the following grounds: (a) HEPI's failure to file the application for the amendment of its articles of incorporation is due to justifiable reasons similar to cases where the SEC has allowed the filing, and eventually approved, application for extension of corporate term notwithstanding its expiration; (b) there is substantial evidence of HEPI's clear and unequivocal intention to continue with its corporate existence; (c) there are practical and socio-economic considerations in favor of allowing the extension of HEPI's corporate term; and (d) recent developments relating to the corporate term negate the rationale behind the SEC's strict application of the rules.

The Office of the Solicitor General (OSG) filed its Comment dated 28 January 2014 to the Petition on behalf of the respondents essentially reiterating the arguments of the SEC *En Banc* in denying HEPI's Memorandum on Appeal. HEPI filed its Reply to the Comment on 25 February 2014.

FCLRC proposed a Master Development Plan in keeping its authority under the License Agreement. The Master Development Plan will accordingly create a self-sustaining industrial zone and mixed-use new township in the CSEZFP with tourism and leisure as the lead sector to be developed.

The Master Development Plan as envisaged by FCLRC shall comprise of the three (3) phases with time frame of completion as follows:

Phase I: which shall be completed one (1) year after authorization of the CEZA BOD, includes telecommunication connectivity via microwave radio, upgrading of the existing internet data center, conversion of the CEZA Complex into a gaming facility, upgrading of the San Vicente naval Airport and construction of a new CEZA Administration Office;

Previous years' developments significantly affected FCLRC's business and operations due to the issuance on 01 September 2016 by PAGCOR of the "Rules and Regulations for Philippine Offshore Gaming Corporations". The said PAGCOR Regulation was adopted to regulate the issuance of licenses which provide and participate in offshore gaming services or online games of chance via the Internet.

As at 31 December 2017, there were 30 licensed locators, 29 of which are operational. Last year, FCLRC had 134 licensed locators, of which 117 were operational.

As envisioned, the building planned will be a world-class BPO center with offices for various BPO locators not limited to the licensees of First Cagayan Leisure and Resort Corporation (FCLRC).

Competition

ABLE

ABLE manages to stay on top of competition with its extensive network of bingo parlors, and by continuing the development of new parlors and game products. However, consolidated sales declined by P332.4 million or 4.66% from P7,134.9 million in 2016 to P6,802.5 million in 2017.

Ever mindful of the growing major competitors such as Bingo Mania, Bingo Amusement Corporation, as well as small players and new entrants, ABLE sustains its market presence by aggressively offering huge jackpot payouts and launching new products to attract more players. Based on informal surveys, ABLE estimates its market share of the traditional bingo to be 35% to 40% in the last 3 years.

TGXI

TGXI has successfully established its position as one of the major front runners among PeGS operators in the country through the acquisition of Digiwave Solutions, Inc (DSI) and by continuously increasing its number of PeGS gaming terminals. PEGS are open 24 hours a day, 7 days a week and are located all over Metro Manila and nearby areas.

BCGLC

BCGLC and GCLWC are competitive with other game operators because of the expertise of its management team in the selection of top of the line & popular slot machines to cope with market demand. Also, the team is effectively managing the venues with appropriate marketing & promotions for the targeted audience.

FCLRC

Being the master licensor of Internet gaming in Southeast Asia, FCLRC is in the forefront in leading the Cagayan Free Port as the premier i-Gaming licensing jurisdiction. FCLRC virtually has no competition in the industry in the Southeast Asia region. However, there are around 80 gaming jurisdictions around the globe.

Patents, trademarks & licenses

ABLE

PAGCOR granted ABLE and its subsidiaries/affiliates (the Group), the authority to operate bingo halls pursuant to Presidential Decree No. 1869 (P.D. 1869). In consideration for the Grants, the Group shall pay PAGCOR 20% of its gross cards sales, representing franchise fees and taxes, which shall be remitted to PAGCOR on weekly basis. Pursuant to P.D. 1869, the BIR Franchise Tax shall be in lieu of all kinds of taxes, levies, fees or assessments of any kind, nature or description, levied, established or collected by any municipal, provincial, or national government authority. The Group deposited cash and performance bonds with PAGCOR to ensure due observance of and faithful compliance with the terms and conditions of the Grants.

In 2008, PAGCOR approved and issued to its bingo grantees the Bingo Regulatory Order No. 2008-01 entitled "Modified Computation of the Five Percent (5%) Franchise Tax". The regulation modified the basis for the computation of the BIR Franchise Tax being remitted to PAGCOR by the bingo grantees for their Traditional Bingo operations as follows: fifteen percent (15%) of its gross receipts from bingo card sales (representing PAGCOR share), and five percent (5%) of its gross revenue (i.e. gross sales less payouts), representing BIR franchise tax retroactive to 01 January 2008.

On 13 June 2000, PAGCOR granted ABLE the authority to be the primary and exclusive distributor of the Instant Charity Bingo Game II (ICBG2) cards to complement its existing bingo game operations pursuant to Presidential Decree No. 1869. In consideration for the Grant, ABLE shall pay PAGCOR, upon withdrawal of Instant Charity Bingo Game II cards, the regulatory fee of 12.5% of the gross sales value of the cards sold/purchased. However, because of the poor sales performance, ABLE discontinued the distribution of the cards during 2005 and wrote off the unsold cards amounting to ₱10,197,124.00 million in 2005. On 02 February 2007, ABLE received a letter from PAGCOR stating the conditions to continue the operations of ICBG2. On 12 December 2008, ABLE resumed commercial operations of ICBG2 scratch cards.

On 08 May 2001, PAGCOR granted the Group the authority to operate and conduct Electronic Bingo Games (E-bingo). In consideration for the Grants, ABLE shall pay PAGCOR 60% (representing 5% BIR franchise tax and 55% PAGCOR franchise fee) of their gross revenues from E-bingo operations. Starting 01 May 2010, ABLE shall remit to PAGCOR 52.5% of the gross revenues from E-bingo games to be distributed as follows: 5% representing BIR franchise tax and 47.5% as PAGCOR franchise fee.

On 03 August 2005, PAGCOR granted ABLE, the authority to distribute and sell pull-tabs or break-open cards in all branches and subsidiaries of ABLE. Distribution and sales of pull-tabs or break-open cards followed thereafter. In consideration of the Grant, ABLE shall pay PAGCOR 15% of gross card price, which will be remitted to PAGCOR upon draw-down of cards from the supplier regardless of quantity of cards sold.

On 27 September 2005, PAGCOR granted the Group, the authority to operate and conduct rapid bingo games, subject to the approved terms and conditions of the New Rapid Bingo System (NRBS) operations and the use of the prescribed NRBS card format. In consideration of the Grant, the Group shall pay PAGCOR 15%, representing franchise fees and taxes, of its gross sales from its conduct and operations.

On 20 June 2007, Philippine Congress passed Republic Act No. 9487, an act further amending P.D. 1869, otherwise known as the PAGCOR Charter. PAGCOR was granted from the expiration of its original term on 11 July 2008, another period of twenty-five (25) years, renewable for another twenty-five (25) years.

In September 2016, ABLE received notices from PAGCOR informing that the PAGCOR's Board of Directors issued an order to ABLE and its subsidiaries to immediately cease the operations of its E-Bingo games at its 36 sites due to non-compliance with the distance restriction guidelines under Section 2 of Regulation 3 of the Gaming Site Regulatory Manual (GSRM) for Bingo Games version 2.0. In response to this, LRWC sent a letter of reconsideration to PAGCOR. Should reconsideration be not given, E-Bingo operations at said sites will be transferred to compliant locations. Consequently, ABLE received via email, notices from PAGCOR of the approval by the PAGCOR's BOD to recall the revocation to operate E-Bingo. 20 E-Bingo sites resumed its operations by virtue of the aforesaid approval. The approval was based on the recommendation of PAGCOR's Gaming Licensing and Development Department (GLDD) and the legal opinion of its Corporate and Legal Services Department (CLSD) to honor the licenses of operators whose gaming sites are located inside malls, arcades and

hotels and consider them exempted from distance requirements.

The PAGCOR's BOD allowed the resumption of E-Bingo operations until the respective expiration of the licenses of the sites which are renewable every two years. PAGCOR's BOD, GLDD and CLSD are still in the process of studying whether they will permanently maintain the exemption of malls, arcades and hotels from the distance requirements. PAGCOR further allowed the re-opening of 10 sites bringing remaining closed E-bingo operations as of 31 December 2017 to 6.

For all bingo venues, the Group has secured all other necessary licenses and permits at the local government level.

TGXI

Due to the expiration of IPLMA license of Philweb last 10 August 2016, TGXI closed 3 of its sites as well as 1,494 terminals in its 51 other sites.

The following month, TGXI received notices from PAGCOR informing that the PAGCOR's Board of Directors issued an order to immediately cease the operations of its Electronic Games at its 17 sites due to non-compliance with the distance restriction guidelines under Section 2 of Regulation 3 of the Gaming Site Regulatory Manual (GSRM) for Electronic Games version 2.0. In response, LRWC sent a letter of reconsideration to PAGCOR. Should reconsideration be not given, the Electronic Games operations at said sites will be transferred to compliant locations.

Subsequently, PAGCOR allowed the re-opening of 5 sites. As of 31 December 2017, TGXI has 39 operating sites.

The Supplementary Services shall include operating gaming tables equipped with high definition video cameras, VOIP facilities, internet data facilities, among others, which shall allow PIKI to broadcast PAGCOR-approved table gaming activities from within the gaming rooms to PAGCOR-approved locations outside the Casino Filipino-Midas.

Hotel Enterprises of the Philippines, Inc. (HEPI)

- a) 65% to PAGCOR
- b) 35% to HEPI

PAGCOR's P9.36 million expense (monthly rentals under this Contract of Lease) is deducted from the 35% share of HEPI and in addition, HEPI is required to devote another 5% of the net monthly gaming revenues (taken from HEPI's share) exclusively for advertising, publicity, marketing and promotional activities for the casino.

FCLRC

By virtue of CEZA Board Resolution No. 05-003-01, dated 30 May 2001, FCLRC was granted by CEZA the exclusive authority as Master Licensor of internet gaming games and facilities in the CSEZFP for a renewable period of 2 years. CEZA also authorized FCLRC to assist CEZA in its functions as a Regulator of interactive gaming activities. Said appointment of FCLRC as Master Licensor was extended for 25 years by CEZA under Board Resolution No. 09-002-06, dated 15 September 2006. The same resolution also granted FCLRC the authority to manage and operate the telecommunication facility in CSEZFP.

On 24 November 2017, FCLRC and CEZA signed a supplemental agreement which provides for the following: (1) CEZA retains the 25-year appointment of FCLRC as a non-exclusive Licensor for interactive gaming; (2) CEZA shall also grant appointment of FCLRC for land-based gaming after it has complied with all requirements; (3) To protect FCLRC's interest and investment as the pioneer Licensor, CEZA effectively restricted itself from directly issuing Gaming Licenses to FCLRC's current and previous licensees; (4) All applicants for gaming licenses from CEZA shall post the amount of USD100 million as an investment commitment. In consideration of the significant actual and future investments attributable to FCLRC, CEZA shall credit such investments towards the investment commitment compliance of applications for gaming licenses coursed through FCLRC.

Government Regulations

ABLE

ABLE is the biggest contributor to the Company's gross revenue. Bingo Bonanza is the trade name used by ABLE in its traditional and electronic bingo gaming operations.

Prior to April 2013, ABLE and its subsidiaries have been paying only the 5% franchise tax due to the following legal guidelines provided to ABLE by PAGCOR in the previous years.

Effective 01 November 2005, Republic Act No. (R.A.) 9337, "An Act Amending the National Internal Revenue Code, as Amended, with Salient Features," particularly Section 27 (c) , excluded PAGCOR from the provision which identifies government-owned or controlled corporations or agencies exempted from the corporate income tax.

The management believes that ABLE's payment of 5% Franchise Tax to the Bureau of Internal Revenue (BIR) was effectively equivalent to the payment of corporate income tax. Based on consultations with tax advisers, the management also believes that the collection of income tax in addition to the 5% Franchise Tax has no legal basis.

Pursuant to P.D. 1869, also known as PAGCOR Charter and as amended by R.A. 9487, the 5% Franchise Tax shall be in lieu of all kinds of taxes, incurred or otherwise, levies, fees or assessments of any kind, nature or description, levied, established or collected by any municipal, provincial, or national government authority. This exemption inures to the benefits of corporations, associations, agencies or otherwise, or individuals with whom PAGCOR has a contractual relationship in connection with the operations of casinos under the PAGCOR Franchise. Thus, the exemption referred to under PD 1869 is extended to its Bingo grantees/licensees.

In accordance with PAGCOR's directives, the Company continued to abide by the provisions of P.D. 1869 (as amended by R.A. 9487) whereby it paid the 5% Franchise Tax.

In view of the above, management has not provided for provision for income tax in previous years up to the first

quarter of 2013.

The applicability of RMC No. 33-2013 was clarified by PAGCOR in a Memorandum dated 09 July 2013 stating: "Pursuant to RMC No. 33-2013, PAGCOR's contractees and licensees, which include bingo grantees, are subject to income tax, under the National Internal Revenue Code (NIRC), as amended, and no longer subject to the 5% franchise tax. In view thereof, please be advised that effective the second quarter of this year, bingo grantees should no longer remit the 5% franchise tax. However, you ("bingo grantees") are now subject to income tax."

Hence, for the third quarter of 2013, ABLE has stopped paying the 5% Franchise Tax to PAGCOR and began recognizing provisions for income tax instead. For the year ended 31 December 2017, provision for income tax amounted to P97.14 million.

In 2017, ABLE's business and operations were significantly affected by the signing of Executive Order (EO) No. 26 (Smoking Ban) which prohibits smoking within enclosed public places and public conveyances, except in "Designated Smoking Areas" fully compliant with the standards set in the EO.

On April 6, 2018, PAGCOR issued a Memorandum, through its Assistant Vice President, GLDD, stating that on April 4, 2018, PAGCOR's BOD approved the reversion to 5% Franchise tax on income from bingo game operations and bingo sites. The implementation of the 5% Franchise tax on bingo game offerings shall take effect on the first quarter of 2018. By the virtue of the memorandum issued, ABLE no longer recognized provision for income tax in the first quarter of 2018.

FCLRC

As exclusive Master Licensor for interactive operations in the CSEZFP, FCLRC is entitled to tax incentives under Section 4c of RA No. 7922 (CEZA law). No taxes, local and national shall be imposed on business establishments operating within the CSEZFP. In lieu of paying taxes, FCLRC shall pay and remit to the National Government 5% of their gross income less allowable deductions. Gross income shall refer to gross sales or gross revenues derived from business activity within the CSEZFP, net of sales discounts, sales returns and allowances and minus costs of sales or direct costs but before any deduction is made for administrative, marketing, selling and/or operating expenses or incidental losses during a given taxable period.

In the local scene, recent developments significantly affected FCLRC's business and operation in the last quarter of 2016 because of the issuance on 01 September 2016 by the Philippine Amusement and Gaming Corporation (PAGCOR) of the "Rules and Regulations for Philippine Offshore Gaming Corporations." The said PAGCOR Regulations was adopted to regulate the issuance of licenses to entities which provide and participate in offshore gaming services or online games of chance via the internet.

BCGLC

Pursuant to Presidential Decree No. 1869, the Company shall pay PAGCOR equivalent to five (5%) of its gross revenues in relation to its sublease contract with PAGCOR. Such consideration shall represent the Bureau of Internal Revenue (BIR) Franchise Tax. The Franchise Tax shall be deducted by PAGCOR from its lease payments and shall be remitted to the BIR on behalf of the Company on a monthly basis.

Transactions with and/or Dependence on Related Parties

The Company's transaction with its subsidiaries and/or affiliates consist mainly of non-interest-bearing advances to and from subsidiaries and/or affiliates, officers, and employees which are subject to liquidation within 12 months from date granted or collectible in cash upon demand.

LRWC likewise charged management fees to subsidiaries in 2017.

Research and Development

ABLE

Development of other bingo games/variants does not require that much expenditure since most are only ideas developed by ABLE's marketing people. ABLE also participates in Bingo and related gaming trade shows to

evaluate if new games offered may be introduced to its own operations. The expenses in attending these trade shows are not significant.

FCLRC

Telecommunication facilities and services of FCLRC are continuously updated to the latest advances in hardware and software technology to ensure that FCLRC's locators are provided with quality broadband and high-speed data services.

Cost and effects of compliance with environmental laws

All ABLE and affiliate bingo parlors have complied with the provisions of Smoking Ordinances issued by most local government units. All bingo parlors have made provisions in its playing area to accommodate smokers and non-smokers alike. Future expansions and parlor upgrades will incorporate enclosures and advanced air-purifying systems. Same goes with TGXI's PeGs and BCGLC's arcades.

FCLRC also complies with environmental laws being enforced by CEZA in the Cagayan Special Economic Zone and Free Port (CSEZFP).

Employees

LRWC has 290 and 270 employees in 2017 and 2016 respectively. ABLE and its subsidiaries have a total headcount (including personnel provided by manpower agencies) of 1,821 and 1,570 in 2017 and 2016 respectively while TGXI has 365 in 2017 and 548 in 2016. On the other hand, FCLRC has 27 employees in 2017 and 62 employees in 2016 whereas BCGLC increased its employees to 55 in 2017 from 54 employees in 2016. In 2017, PIKI has 3 employees, while FCCDCI and LRDCSI are handled by 43 employees. For the year 2017, the Company and its subsidiaries did not have major changes in their employment portfolios. Their employees are not subject to a collective bargaining agreement. The Company does not have a stock option plan as part of its remuneration to all directors and senior management.

Major Risks Involved in the Business

ABLE

ABLE and its subsidiaries operate bingo parlors. By the nature of the business (gaming), there is a risk of possible non-renewal of business permits by the local governments. To counter this risk ABLE and subsidiaries obtained ordinances to do business from the respective local Sanggunian Mangabatas. The business is located in high traffic areas, specifically in SM and Robinson malls, thus there is also risk of difficulty in finding similar high traffic areas should the lease contracts not be renewed upon expiration. ABLE has expanded to other locations so the effect of non-renewal of one or two leases will not have significant effect on ABLE's results of operations.

FCLRC

As revenues are dependent to locators whose business is internet gaming operations outside the Philippines, potential or future government regulations in countries where internet gaming operations is presently allowed, can be considered as a major business concern for FCLRC.

Properties

The major assets of the Company and its subsidiaries are: land, building, furniture & fixtures, leasehold improvements, slot machines, bingo equipment and paraphernalia. In the next 12 months, the Company through its subsidiary LR Land Developers, Inc. (LRLDI) is considering acquiring other properties in the vicinity of Cagayan Special Economic Zone Free Port for the purpose of making facilities available to FCLRC's future locators.

ABLE and its subsidiaries lease bingo parlors ranging in size from 90 to 2,000 square meters located in major shopping malls in Metro Manila and in key provincial cities. Lease term ranges from one (1) to five (5) years. All lease agreements have provisions for renewal subject to terms and conditions mutually agreed upon by all parties. All lease payment computations are based on a fixed rate per square meter of occupied space or on a certain percentage of bingo cards sales.

In 2017, ABLGI through its subsidiary acquired 23 hectares of land in Malay, Aklan for its future project.

Legal Proceedings

Except for the following, there are no other legal proceedings to which the Company or any of its subsidiaries is a party:

- 1) **People of the Philippines vs. Hernando B. Bruce**

In 2017, PIKI posted a net income of P9.5 million, as compared to the P18.5 million net income in 2016. This is mainly due to lower net revenues during the year of P855.6 million as compared to P894.4 million last year and increase in cost and operating expenses by P35.4 million from P811.7 million to P847.1 million.

BCGLC Operations

BCGLC operates Slot Arcades at the King's Royale Hotel and Leisure Park, Olongapo-Gapan Road, Macabacle, Bacolor, Pampanga under a license issued by PAGCOR.

On 24 July 2015, BCGLC incorporated a subsidiary, GCLWC with authorized capital stock of Fifteen Million Pesos (P15,000,000.00) divided into One Hundred Fifty Thousand shares (150,000) with par value of P100.0, of which Three Million Seven Hundred Fifty Thousand Pesos (P3,750,000.00) has been subscribed. Due to these developments, for the year ended 31 December 2017, consolidated BCGLC gross revenues grew to P446.7 million from P381.4 million last year. Operating expenses likewise increased to P314.2 million from P222.9 million for the same period last year. This resulted to a net income of P98.0 million for the year, a slight decline of P8.0 million from last year's net income of P106 million.

FCLRC Operations

The Cagayan Economic Zone Authority (CEZA), mandated by law to manage Cagayan Special Economic Zone and Free Port (CSEZFP), has authorized FCLRC to license, regulate and supervise the operations of registered online gaming enterprise in CSEZFP. FCLRC, on behalf of CEZA, can issue two types of licenses: (1) interactive gaming licenses which cover all types of online gaming including casinos, lotteries, bingo, sportsbook; and (2) restrictive licenses which limit the offerings to sports betting only. As the master licensor, FCLRC is entitled to half of the gaming levy imposed by CEZA on the gaming operators within the CSEZFP.

Recent developments significantly affected FCLRC's business and operations due to the issuance on 01 September 2016 by PAGCOR of the "Rules and Regulations for Philippine Offshore Gaming Corporations". The said PAGCOR Regulation was adopted to regulate the issuance of licenses which provide and participate in offshore gaming services or online games of chance via the Internet.

FCLRC generated P423.3 million gross revenues in 2017, representing a P1,443.4 million or 77.32% decrease from last year's gross revenues of P1,866.7 million. The decline in revenues is mainly due to the decline in the number of operating locators. Hosting fees amounting to P392.1 million decreased by P1,302.1 million or 76.86% while license application fees amounting to P31.2 million decreased by P141.4 million or 81.92% from last year.

For the year ended 31 December 2017, there were 30 licensed locators - 29 of which are operational and 1 is non-operational, while for the year ended 31 December 2016, there were 117 licensed locators, all operational.

Thus, due to the effect of the 20% additional equity interest, FCCDCI is consolidated into the Group effective 01 January 2017.

FCCDCI posted a net income of P117.5 million in 2017, consolidated in the Audited Consolidated Statements of Profit or Loss and Other Comprehensive Income, and P145.0 million in 2016, of which P98.5 million is presented under "Equity in net earnings in joint ventures and associates" account in FCLRC's Statement of Profit or Loss.

ABLE Operations

ABLE (popularly known as Bingo Bonanza Corporation), is the pioneer in professional bingo gaming in the

Philippines. PAGCOR granted ABLE and its subsidiaries the authority to operate bingo games pursuant to P.D. 1869. Since then, bingo outlets of ABLE and its subsidiaries have become community and entertainment centers, a source of revenue for the government, and a sponsor for fund-raising activities relating to social and educational programs.

Site Closures

In September 2016, ABLE received notices from PAGCOR informing that the PAGCOR's Board of Directors (PAGCOR's BOD) issued an order to ABLE and its subsidiaries to immediately cease the operations of its E-Bingo games at its thirty-seven (37) sites due to non-compliance with the distance restriction guidelines under Section 2 of Regulation 3 of the Gaming Site Regulatory Manual (GSRM) for Bingo Games version 2.0. In response to this, LRWC sent a letter of reconsideration to PAGCOR. Should reconsideration be not given, E-Bingo operations at said sites will be transferred to compliant locations. Consequently, ABLE received via email, notices from PAGCOR of the approval by the PAGCOR's BOD to recall the revocation to operate E-Bingo. Thirty-one (31) E-Bingo sites resumed its operations by virtue of the aforesaid approval.

The approval was based on the recommendation of PAGCOR's Gaming Licensing and Development Department (GLDD) and the legal opinion of its Corporate and Legal Services Department (CLSD) to honor licenses of operators whose gaming sites are located inside malls, arcades and hotels and consider them exempted from distance requirements.

The PAGCOR's BOD allowed the resumption of E-Bingo operations until the respective expiration of the licenses of the sites which are renewable every two years. PAGCOR's BOD, GLDD and CLSD are still in the process of studying whether they will permanently maintain the exemption of malls, arcade and hotels from the distance requirements.

In 2017, PAGCOR further allowed the re-opening of one (1) E-Bingo site and management decided to permanently close four (4) sites.

Site Acquisitions

In 2017, ABLE through its subsidiaries, acquired six (6) sites to expand its bingo operations. Difference between the total consideration of P58 million and fair value of identifiable assets of P9.28 million resulted to a provisional goodwill of P48.72 million.

Revenues

ABLE and its subsidiaries generated total revenues of P6,802.5 million in 2017, a decline of P332.4 million or 4.66% from the P7,134.9 million revenues for the same period last year. The decrease is attributable to the revenue decline of: (1) Electronic Bingo (E-Bingo) by P171.2 million or 3.79%, (2) Traditional Bingo by P127.6 million or 5.47% and (3) Rapid Bingo by P31.4 million or 11.97%, and Pull tabs by P2.1 million or 11.86%.

E-Bingo has become ABLE's principal product line as its contribution has been increasing faster with new gaming products that are played with higher frequency and are not time bound as the traditional bingo game. In 2017, E-Bingo sales represented 63.98% of ABLE's total revenues or P4,351.9 million, posting a decline of 171.2 million or 3.79% from the E-Bingo sales in 2016 of P4,523.1 million. As of 31 December 2017, there were a total of 10,392 E-Bingo machines in 147 bingo parlors as compared to 9,790 E-Bingo machines in 138 bingo parlors as of 31 December 2016.

Revenues from Traditional Bingo declined by P127.6 million or 5.47% to P2,203.6 million in 2017 from P2,331.2 million in 2016.

In 2017, sales from Rapid bingo contributed P231.3 million or 3.40% of total revenues as compared to P262.8 million or 3.3% contribution to total revenues for the same period last year.

By the end of 2017, there were a total of 127 Rapid bingo terminals in 127 bingo parlors as compared to 14 Rapid bingo terminals in 14 bingo parlors in 2016.

The decline in revenues were mainly affected by several government regulations and policies such as: (a) dress

code, (b) members only policy, (c) 15 hours maximum operating hours, (d) 6 hours maximum playing time, and (e) smoking ban.

Expenses

ABLE's consolidated costs and operating expenses in 2017 amounting to P6,675.9 million increased by P80.0 million or 1.21% from P6,595.9 million in 2016. There was a decrease in direct costs for the year such as Franchise Fees and Payouts amounting to P189.0million relative to the decrease in revenues generated for the year. Operating expenses increased due to the following: (1) People expenses including contracted services by P131.2 million; (2) Rentals and utilities by P33.8 million; (3) Taxes and licenses by P25.8 million; and (4) Depreciation and amortization by P56.2.

As mentioned, 2017 included non-recurring expenses and write-offs such as retirement expense on past service cost, write-off of deferred tax assets, write-off of fixed assets and impairment of long outstanding receivables and advances. Total non-recurring expenses and write-offs in 2017 amounted to P162.3 million.

The resulting expense from "Other Income/Charges" account for the year amounting to P45.4 million is mainly attributable to interest expense payments for bank borrowings.

Net Income

ABLE posted consolidated net income (net of minority share) amounting to P11.1 million in 2017, a decline of 96.90% from 2016 net income of P358.1 million. The significant decline in net income was mainly due to the decrease in revenues caused by regulatory restrictions and non-recurring expenses mentioned above.

TGXI Operations

On 21 July 2014, LRWC entered into an Asset and Share Purchase Agreement with Premiere Horizon Alliance Corporation (PHAC) to purchase the latter's 100% stake in TGXI, the assignee and purchaser of the assets, rights and interests of Digiwave Solutions, Inc. (DSI), the operator and licensee of PAGCOR e-games stations.

To date, LRWC is the registered owner to One Hundred Percent (100%) of TGXI's outstanding capital stock.

Site Closures

Due to the expiration of IPLMA license of Philweb last 10 August 2016, TGXI closed three (3) sites and 1,494 Philweb terminals in its other 51 sites.

The following month, TGXI received notices from PAGCOR informing that the PAGCOR's Board of Directors issued an order to immediately cease the operations of its Electronic Games at its seventeen (17) sites due to non-compliance with the distance restriction guidelines under Section 2 of Regulation 3 of the GSRM for Bingo Games version 2.0. In response to this, TGXI sent a letter of reconsideration to PAGCOR. Should reconsideration be not given, E-Bingo operations at said sites will be transferred to compliant locations.

In 2016, PAGCOR allowed the re-opening of five (5) sites.

In February 2017, management decided to permanently close twelve (12) sites. To date, TGXI has thirty-nine (39) operating sites.

Net Income

TGXI generated revenues amounting to P231.6 million in 2017 representing its share in revenues from the management and operation of the PAGCOR E-games Stations (PeGS). This is lower than 2016 figures due to the effects of several regulatory restrictions (e.g. smoking ban, dress code, etc.) implemented in 2017.

Total operating expenses decreased by P54.7 million or 18% from P308.0 million to P253.3 million which mainly consists of: (1) People expenses including contracted services of P94.8 million; (2) Rentals and utilities of P78.1 million; (3) Depreciation of P40.4 million; and (4) Other expenses of P40.0 million.

TGXI also made several noncash write-offs of fixed assets and deferred tax assets in 2017 and 2016 amounting to

P26.7 million and P23.9 million respectively. Write-off of fixed assets pertains to closed sites while derecognition of deferred tax assets is in line with the management's decision to revert back to the franchise tax regime in 2018.

In 2017, TGXI registered a P39 million net loss, an increase of P3.7 million or 10.48% from 2016 net loss of P35.3 million.

ABLGI Operations

On 04 November 2016, Belle and PLAI ("Belle Group") signed a Termination agreement with Leisure and Resorts World Corporation and AB Leisure Global, Inc. ("LRWC Group"), which would enable the latter to realize its interests under its existing agreements with the Belle Group. Under the agreement, Belle Group will pay the LRWC Group a total of P5,090.0million, with P1,018.0million paid upon signing and the balance at the end of March 2017. Until the finalization of the transaction, ABLGI will continue to share in the net lease income and gaming revenue of Belle Group.

The Termination agreement was finalized on 31 March 2017. ABLGI received P4,072.0 million, which comprised of: (1) payment for an outstanding loan of Belle Group to ABGLI amounting to P3,762.0 million, and (2) P310.0 million, of which P110.5 million was a collection of the advances made to Belle while the remaining P199.5 million was lodged under "Other Income" in the Unaudited Consolidated Statements of Profit or Loss and Other Comprehensive Income, representing assignment of rights in relation to the Advisory services rendered to the Philippine Consortium in favor of Belle. Effective 31 March 2017, ABLGI shall be deemed to have divested its economic interest in the City of Dreams-Manila Integrated Resort and Casino.

In 2017, ABLGI through its subsidiary acquired 23 hectares of land property in Boracay for its future project.

In 2017, Management decided to change its accounting policy to recognize its investment properties at their appraised (FV) amounts to properly reflect its true value. Gain (net of tax) from the revaluation of its building (Binondo Suites) amounted to P4.7 million and P1.8 million in 2017 and 2016, respectively.

Net income in 2017 amounting to P153.2 million significantly decreased by P128.5 or 45.62% due to the termination of its agreement with the Belle Group in the first quarter. From revenues/other income of P624 million in 2016, it dropped to P197.2 million in 2017. While operations were significantly reduced due to the termination, pre-operating expenses for the Boracay project further pulled down the net income for the year.

LRLDI Operations

In 2010, LRLDI has completed its construction of the CyberPark building intended for lease. Accordingly, in the same year, LRLDI entered into various lease agreements as lessor with lease terms ranging from monthly to five (5) years.

LRLDI is also committed in supporting the development of Cagayan Special Economic Zone and Free Port (CSEZFP). In executing an agreement with Cagayan Premium Ventures Development Corporation (CPVDC) and Cagayan Land Property Development Corporation (CLPDC), LRLDI has established its support by investing funds into the Lal-Lo Airport Project, Cagayan Economic Zone and Freeport (CEZFP) International Airport Project, and other facilities within the CSEZFP. These projects aim to improve and further advance CSEZFP into a self-sustaining industrial zone.

LRLDI entered into a joint venture property development project in Makati with Total Consolidated Asset and Management, Inc. called Techzone Philippines, Inc (TPI). As envisioned, the building planned will be a world-class BPO center with offices for various BPO locators not limited to licensees of FCLRC.

Retrospective 2014, Management reclassified portion of the advances to CLPDC to investment properties (land) which the Company has legal title and ownership amounting to P6.4 million. In 2017, Management decided to change its accounting policy to recognize its investment properties at their appraised (FV) amounts to properly reflect its true value. Gain (net of tax) from the revaluation of its land properties and Cyberpark building amounted to P174.7 million.

In 2017, LRLDI generated a net income of P630.9 million mainly due to the gain on revaluation of investment properties and additional rent income from its property in Cyberpark. Equity share in net income of TPI decreased

by P323.2 million from P768.5 million in 2016 to P445.4 million this year. The share in equity earnings likewise includes revaluation gain (net of tax) from the investment property of TPI amounting to P835.1 million and P1,296.4 in 2017 and 2016, respectively.

Consolidated Financial Condition

The total consolidated assets of LRWC and subsidiaries as of 31 December 2017 of P16,762.5 million increased by P2,134.1 million or 14.59% from P14,628.4 million as of 31 December 2016 largely due to the acquisition of land in Boracay amounting to P4,580 million. Other specific significant changes in total assets are mainly due to (1) expansion and acquisition of new sites resulting to increase in Property and equipment - Net of P164.1 million, (2) write-off of Deferred tax assets resulting to a decrease of P98 million, and (3) revaluation increment of investment properties of P256.9 million and, (4) collection of Loans receivable from Belle resulting to decrease in Advances to a casino project of P3,762 million.

The following are the significant changes in the liabilities of LRWC and subsidiaries: (1) increase in Trade and other payables of P756.9 million attributable to higher outstanding Dividends payable to stockholders, huge settlement of outstanding to suppliers, higher accrued expenses (2) increase in Loans payable of P1,068.1 million due to the loan availments for the Boracay project (3) increase in retirement benefits liability of P75.1 million due to past service costs (4) increase in rent deposits of P105.6 million, and (5) increase in deferred tax liabilities of P106.6 million.

2016 vs. 2015

Consolidated Result of Operations

LRWC posted a consolidated net income (after minority interest) of P1,824.7 million in 2016 as compared to P1,483.3 million in 2015. Consolidated results for the year included impact of P83.6 million (after tax) non-recurring, non-cash provisions mainly for LRLDI (P56.1 million for bad debts) and TGXI (P21.4 million impairment of fixed assets in closed sites) which partly reduced the notable profit growths contributed by ABLE, BCGLC, FCLRC, and ABLGI. Consolidated net income also included the net effect of revaluation of investment properties as restated, amounting to P20.6 million and P20.2 million in 2016 and 2015, respectively. It likewise included the adjustments in equity share on net income of TPI amounting to P748.6 million and P432.7 million in 2016 and 2015, respectively, resulting from the revaluation of investment properties of TPI, as restated.

The Parent Company's total operating expenses almost doubled to P432.8 million from last year's P221.4 million mainly on account of its personnel expenses which increased by P165.9 million as the Company continues to implement organizational changes to enable shared services functions that provides consistent managerial and administrative services to all of its subsidiaries including marketing programs.

ABLE Operations

ABLE posted total sales of P7,134.9 million in 2016, a P1,154.5 million or 19.3% growth from the P5,980.4 million total sales in 2015. Better performance this year of its major products contributed to the increase in sales.

Electronic Bingo is the Company's principal product line as it represents 63% of total ABLE revenues. Despite site closures during the second half of the year, sales from E-bingo still registered a growth of P1,068.9 million or 31.0% from the reported sales of P3,443.1 million in 2015 to P4,512.0 million in 2016. At the end 2016, there were a total of 9,790 E-bingo machines in 138 bingo parlors as compared to 8,585 E-bingo machines in 119 bingo parlors as of 31 December 2015. These bingo parlors are either directly owned by ABLE or owned through subsidiaries.

The Traditional Bingo also registered an increase in revenues during the year. For the period ended 31 December 2016, T-Bingo revenues reached P2,331.2 million or an increase of P72.7 million from last year's P2,258.5, contributing 33% to total ABLE revenues. However, payout remained at same level as last year despite abovementioned revenue growth.

Revenues from Rapid bingo for 2016 of P262.8 million slightly decreased by P4.3 million or 1.6% from the P267.1 million sales in 2015. ABLE launched Rapid Bingo late August 2005 with 14 terminals in 14 bingo parlors. By end of 2016, there were a total of 146 Rapid Bingo terminals in 138 bingo parlors as compared to 131 terminals in 123 bingo parlors in 2015.

ABLE also introduced Pull Tabs in December 2005 in 32 bingo parlors. The sales of Pull Tabs amounted to P17.7 million or P8.3 million growth in 2016 from P9.4 million of 2015.

During the second half of 2015, Electronic Casino terminals were installed in ABLE sites. By end of 2016, there were 203 E-Casino terminals in 12 sites. Revenues from E-Casino for the year ended 31 December 2016 amounted to P11.2 million, a growth of P9.0 million from last year's P2.2 million.

PAGCOR granted ABLE the authority to be the primary and exclusive distributor of the Instant Charity Bingo Game II (ICBG2) on 13 June 2000. However, because of the poor sales performance, ABLE discontinued the distribution of the cards in 2005. On 12 December 2008, ABLE resumed commercial operations of the ICBG2 scratch cards. At the beginning of the third quarter of 2012, sales of the ICBG2 scratch cards were discontinued, thus posting sales in 2012 of P0.4 million. ICBG2 scratch cards will be replaced with new game variants in the future.

ABLE's consolidated operating expenses in 2016 amounted to P1,683.8 million as compared to P1,402.6 million in 2015. The increase of P281.2 million or 20.0% was mainly due to opening of new bingo parlors and renovation of existing sites during the year with the following details: (1) Rent and Utilities by P76.9 or 12.3%, (2) Depreciation by P74.5 million or 55.6%, (3) People expenses by P24.3 million or 6.1%, (4) Taxes and licenses by P18.9 million or 41.9%, and (5) "Other Expenses", comprised of Transportation and travel, Marketing and promotion, Repairs and maintenance, and Provision for impairment of receivables, by P78.8 million. Finance expense also increased during the year by P10.7 million or 28.4% from P48.2 million to P37.5 million due to higher short-term loan availments during the year.

For the year ended 31 December 2016, ABLE posted a consolidated net income (after minority interest) of P353.8 million, an increase of P109.6 million or 44.9% from the P244.2 million consolidated net income in 2015. The growth is mainly due to the considerable increase in revenues partially offset by corresponding increase in operating expenses.

TGXI generated revenues in 2016 amounting to P257.5 million representing its share in revenues from the management and operation of PAGCOR e-Games Stations (PeGS). The resulting decline of P37.6 million or 12.7% as compared to 2015 revenues of P295.1 million was due to site closures during the second half of 2016 by order of PAGCOR. Total operating expenses decreased as well consisting mainly of: (1) People expenses by P22.1 million or 18.1%, (2) Rent and Utilities by P2.6 million or 2.7%, and (3) Supplies by P2.4 million or 40.0%, partially offset by increase in Depreciation by P17.3 million or 72.9% due to expansion and renovations and Impairment loss of P26.6 million for fixed assets in closed sites.

TGXI Operations

As such, TGXI registered a net loss of P35.3 million, including the one-off P26.6 million impairment loss on fixed assets in closed sites, a reversal of prior year's P12.0 million net income.

BCGLC Operations

BCGLC's consolidated net income of P106.0 million for the year was 4.3x prior year's net income of P24.2 million. This was mainly due to the full-year operation of the 4 new arcades acquired middle of 2015.

Total revenues for the year of all 5 arcades amounted to P381.4 million, a growth of P199.9 million or 110.1% from 2015 revenue of P181.5 million when the 4 new arcades operated for half-year only. For the same reason, operating expenses also doubled to P222.9 million from last year's P100.5 million.

PIKI Operations

Revenues of PIKI during the year declined by P151.6 million or 14.5% to P894.4 million from last year's P1,045.9 million due to lower GGR from junket operations. Operating expenses likewise decreased by P35.1 million or 9.5% on account of lower Contracted services by P23.4 million or 15.8% and Professional fees by P25.1 million or 32.0% partially offset by higher Depreciation, Salaries and employee benefits, Supplies, and Taxes and licenses.

As a result, PIKI posted a net income for the year ended 31 December 2016 of P18.5 million, registering a decline of P14.5 million or 43.9% from last year's P33.0 million.

FCLRC Operations

For the year 2016, FCLRC posted gross revenues of P1.9 billion, a growth of P264.7 million or 16.5% from last year's P1.6 billion. These were generated from hosting and service fees of P1.7 billion and from license application and renewal fees of P172.4 million. CEZA fees in 2016 increased to P847.1 million versus P717.1 million in 2015, or an increase of P130.0 million or 18.1% from last year's fees. As a result, FCLRC's net revenues increased by P134.6 million or 15.2% as compared to last year. The principal growth driver of FCLRC was the increase in the number of operating locators - 117 in 2016 from 111 in 2015, that contributed to the increase in fees.

Operating expenses also increased during the year by P44.0 million or 21.3% from last year's P206.5 million. The increase was mainly due to increase in Depreciation of P13.2 million or 58.1% on account of additions to fixed assets during the year and increase in Other Expenses by P35.1 million or 40.1% pertaining to repairs and maintenance, advertising and marketing, and travel and transportation expenses.

The resulting "Other Income (Expense) - Net" of P186.0 million increased by P77.0 million or 70.7% on account of the following increases: (1) Equity in net earnings of FCCDCI by 23.4 million, (2) Foreign exchange gain by P23.0 million, and (3) Other income derived from rental of gaming facility by P54.8 million. These were partly offset by higher Interest expense for the year.

Hence, FCLRC posted a net income (after minority interest) of P895.3 million in 2016, an increase of P155.4 million or 21.0% from last year's P739.9 million.

Net income generated from foreign revenues amounted to P884.6 million or 98.0% in 2016, P723.7 million or 98.0% in 2015, and P594.1 million or 98.0% 2014.

FCCDCI, a 60% owned subsidiary of FCLRC, posted a net income of P164.2 million in 2016 and P125.3 million in 2015, a P39.0 million or 31.1% increase.

ABLGI Operations

ABLGI's net income for 2016 increased to P281.7 million as compared to last year's P145.1 million. The increase was mainly due to rent escalation and higher share in gaming revenue due to better performance of COD.

Total revenues grew by P238.8 million or 62.4% to P621.5 million this year from last year's P382.7 million.

Share in lease income contributed 65% to total revenues of ABLGI and grew by 28.3% during the year.

Share in gaming revenue also significantly increased by 253.2% due to full casino operations of COD.

Likewise, total operating expenses decreased during the year from P21.4 million to P21.3 million due to lower people expenses.

Gain on revaluation (net of tax) of investment property amounted to P1.8 million and P2.2 million in 2016 and 2015, respectively.

Interest expense for the year increased to P205.5 million versus prior period's P157.6 million due to the additional loan availed in December of 2015 for Belle's capital call.

LRLDI Operations

LRLDI registered a net income of P726.8 million for the year ended 31 December 2016, an increase of P56.6 million or 8.44% mainly due to the increase in equity share on net income of its associate, Techzone Philippines Inc. (TPI) in 2016.

Rent income considerably dropped by P14.2 million or 63.4% from P22.4 million to P8.2 million. On the other hand, operating expenses increased by P54.9 million largely due to impairment loss on its receivable from the

lessee that ceased operation during the year.

LRLDI recorded its 50% share in the net income of TPI in 2016 amounting to P768.5 million as compared to its share in 2015 of P646.9 million. The significant increase was due to gain on revaluation of TPI's investment property.

Gain on revaluation (net of tax) on investment properties of LRLDI in Cagayan amounted to P9.9 million and P9.7 million in 2016 and 2015, respectively.

Consolidated Financial Condition

The total assets of LRWC and subsidiaries as of 31 December 2016 of P14,628.4 million increased by P29.3 million or 0.2% from P14,599.1 million as of 31 December 2015 due to the following movements: (1) expansion and acquisition of new sites resulting to increase in Property and equipment - Net of P328.8 million, (2) LRWC NOLCO resulting to increase in Deferred tax assets of P155.6 million, (3) increase in Investment properties of P16.7 million due to revaluation gain and (4) increase in investment and advances due to increase in equity share in net income of TPI (5) partial collection of Loans receivable from Belle resulting to: (a) increase in Cash of P374.2 million, (b) increase in Receivables of P3,721.0 million, (c) decrease in Advances to a casino project of P4,780.0 million, and (d) decrease in Other noncurrent assets of P389.6 million.

The following are the significant changes in the liabilities of LRWC and subsidiaries: (1) decrease in Trade and other payables of P1,061.4 million attributable to lower outstanding Dividends payable to stockholders, huge settlement of outstanding CEZA payable, lower PAGCOR payable, and payments to suppliers, (2) decrease in Loans payable of P721.8 million due to scheduled amortization of long-term loans, and (3) increase Income tax payable of P31.2 million.

Cash as of 31 December 2016 of P713.0 million includes P296.9 million Cash in DSRA. In prior years, cash in DSRA form part of Other noncurrent assets as it was restricted then.

Plans for 2018

CASINO

In 2018, BCGLC laid out plans of acquiring upgraded slot machines to supply the Pagcor VIP Clubs in its different venues. The new machines being considered were strategically chosen for their potential in ushering more playing patrons into the Pagcor VIP Clubs. Its newly-renovated premises which houses the Pagcor VIP Club Adriatico Square has taken on a novel look with visually scintillating classy interiors geared towards attracting customers. It exudes an aura of a relaxed atmosphere to entice more patrons. Further, in conjunction with the aesthetic improvements being introduced, BCGLC makes certain that, at all times, the structural integrity of all its premises are above par. Safety and security of its guests are among its foremost agenda.

Even as it continues to discover innovations directed towards elevating the sites to world-class standards, BCGLC to date, has already raised the bar of VIP Club locations.

LRWC through its investment in HEPI, plans to strengthen and enhance the operations of Midas Hotel and Casino.

RETAIL

Retail operations were significantly affected by regulatory changes in 2017. The immediate implementation by PAGCOR of simultaneous revisions in rules pertaining to maximum operating hours, prohibition of smoking in gaming areas, and redefinition of dress code for players caused a steep drop in player visitations during the first half of 2017. The deleterious effects began to wane in the second half as players adjusted to the smoking and dress code restrictions and as PAGCOR reinstated 24-hour operations a few months after limiting business hours to only 16 hours.

With the settling down of the regulatory landscape towards the end of 2017, the retail business units started to put in place operational and marketing programs to regain lost ground and increase player activity. Among these programs is the accelerated installation of automated back-end systems that will deliver crucial statistical information and precise data analytics to guide the retail business units in formulating proper strategic decisions. A key feature of such automated systems is a player tracking module that accurately records player preferences, allowing the formulation of marketing and promotional programs that are responsive to players.

Pilot marketing programs were initiated in the second half of 2017 in the Gamezone electronic casino outlets ahead of the full installation of these back-end systems, with encouraging results in increased machine occupancy and machine average daily revenue. A full-blown player acquisition and retention strategy is expected to be on stream in early 2018.

A separate back-end system is being installed for the Bingo Boutique electronic bingo outlets. This system is scheduled to “go live” towards the middle of 2018 and will initially collect operating and market data from the Metro Manila branches. Full implementation for Metro Manila is expected by December 2018, at which point the retail business units will have access to necessary data required to determine the optimal brand mix of electronic bingo machines in every outlet.

These forward-looking technological steps, as well as physical improvements of outlet facilities and front-liner customer service training, are expected to result in a sustainable growth in overall gaming revenues.

ONLINE

The uncertainty that began in July 2016 regarding the future roles of CEZA and FCLRC in online gaming licensing and regulation finally settled down with the issuance of Executive Order 13 in February 2017. EO 13 essentially confirms and clarifies, among others, the validity of CEZA’s licensing powers as these are defined in Republic Act 7922. Such validation marked the start of a concerted effort between FCLRC and CEZA to strengthen their decade-old partnership and establish the basic components necessary to attract more online gaming operators to locate in Cagayan. These attributes to attract investors include accessibility, connectivity and office availability.

To substantially improve Cagayan’s accessibility starting 2018, CEZA and FCLRC (together with affiliate LRLDI) will accelerate the development and opening of the Cagayan North International Airport (CNIA) located in the municipality of Lal-lo. When completed, the airport will be able to service commercial jets for both domestic and international flights. LRLDI’s interest in the CNIA is through a convertible loan to the partner of CEZA in the Joint Venture (CNIA).

Also programmed for 2018 is the redevelopment of the Cyberpark, a 10-hectare pocket light industrial park located in the municipality of Sta. Ana. Cyberpark is currently being master planned to host office buildings and residential dormitories for online gaming operators.

Two legacy buildings have already been fully leased out to a locator and the next development phase will commence in the second quarter of 2018 primarily for office spaces.

LRDCSI, has built a robust data network infrastructure in Cagayan that is connected to its Metro Manila facilities. Together, both the Cagayan and Metro Manila nodes offer world-class internet connectivity that is essential to online gaming operators. These nodes are, in turn, connected to LR Data nodes located in other countries in the Asia Pacific region. For 2018, additional capital expenditures are programmed to further improve the quality of this data network infrastructure and a new Tier One data center will be on the drawing board.
