Q1 2025 EARNINGS RELEASE

DigiPlus delivers strong start to 2025, posts ₱4.2B net income for Q1

DigiPlus Interactive Corp. (DigiPlus) posted a net income of ₱4.2 billion in the first quarter of the year, representing a 110 percent increase compared to the same period last year. This was fueled by the strong performance of its flagship platforms and the contribution of new game offerings across BingoPlus, ArenaPlus, and GameZone.

Revenues climbed to ₱23.06 billion, up by 69 percent year-on-year, while EBITDA surged by 118 percent to ₱4.59 billion. The company's performance was further boosted by reinforcing operational efficiency and enabling more reinvestment in marketing, product innovation and user experience, and rationalization of PAGCOR share rate on E-games. In the first quarter of 2025, the company contributed ₱8.8 billion in taxes and regulatory fees, an increase of ₱1.9 billion or 28% from the same period in 2024. This underscores the company's continued commitment to supporting essential public services and advancing national development.

This quarter also marked the third anniversary of BingoPlus, now the country's leading electronic gaming platform, with over 40 million registered users. Since its launch, BingoPlus has evolved into a full-scale digital entertainment super app, offering bingo, sports betting, and live-streamed games.

Accelerating global expansion with strategic market entries

As part of its global growth strategy, DigiPlus is on track with its plans to commence operations in Brazil, one of the world's most promising electronic gaming markets, in the fourth quarter of the year. In March, DigiPlus appointed its Country Manager for Brazil operations. In addition, it has started strategic hiring efforts to build a high-performing team that can drive growth and local market relevance. In parallel, DigiPlus also officially incorporated its Singapore hub, DigiPlus Global Pte. Ltd., setting the stage for broader growth opportunities.

"DigiPlus aims to bring the success it has established in the Philippines to participate in the thriving digital entertainment and electronic gaming industry globally," said DigiPlus Interactive Chairman Eusebio Tanco. "Our performance in the first quarter shows that we are building not just for scale, but for long-term value creation. We continuously invest in technology, talent, and trust – and this is what sets us apart."

BingoPlus Foundation commits ₱150 million to uplift communities

In parallel with its business expansion, DigiPlus reinforced its commitment to responsible growth through the BingoPlus Foundation. Building on its ₱100 million pledge in 2024, the Foundation has committed ₱150 million this year to support technology education, accessible healthcare, community resilience, and responsible digitalization.

During the first quarter, the Foundation officially launched two landmark responsible gaming initiatives. First is the industry's first self-regulation features embedded directly into DigiPlus platforms—allowing users to set time limits, cap losses, and access support resources. Second is the Pusta de Peligro campaign, a bold awareness push highlighting the importance of responsible gaming. These efforts cement DigiPlus' position as a leader in responsible digital entertainment, not just in compliance, but in culture.

Looking ahead, DigiPlus remains confident in its ability to sustain its upward trajectory, anchored on a robust innovation pipeline, data-driven operations, and a clear commitment to sustainable value creation. With an expanding international footprint, deepening user engagement, and a clear ESG agenda, DigiPlus is poised to deliver long-term returns for its stakeholders while shaping the future of digital entertainment – locally and globally.
